Verse 1

Thank You Lord for making my life worthwhile
Thank You Lord for giving me cause to smile
When all around me the world seems black
And Satan threatens to crush my faith
Thank You Lord that Your powerful hands will keep me safe
I want to thank You for the good times
When I just want to laugh and sing
For all the joy You give – thank You Lord

Verse 2

Thank You Lord that You answer each time I call
Thank You Lord that You pick me up each time I fall
And when my world comes tumbling down
And my worries seem too hard to bear
Thank You Lord in times like that You're always near
I want to thank You for Jesus
For all that He suffered for me
For His unfailing love – thank You Lord

Verse 3

Thank You Lord for faith to trust in things not seen
Thank You Lord for a tarnished life made pure and clean
For seeing the beauty in dark clouded skies
For the hope of paradise to come
Thank You Lord that You've even made my heart Your home
I want to thank You for a new life
For forgiving all the wrong I've done
And for forgetting it too – thank You Lord
